GALA DINNER APPLICATION

How it works

For the Gala Dinner to serve its purpose: inspire, network and raise awareness, the quality, seniority and relevance of the keynote speeches is paramount. We also believe that the balance between the type of organisations and the diversity of the speakers' profiles and backgrounds plays an important role for the quality of our programme. We therefore scrutinise each application and the selection of donors is subject to a vote of the KvinnoKapital board.

For each donor organisation to be taken into account, especially to be selected as keynote donor it is therefore crucial to present a high-profile speaker with a distinct background or personal experience, and a clear message. It is important that the speaker makes time available to prepare ahead of the Gala Dinner.

One of the aims of the Gala Dinner is to allow senior executives to share their views and inspire but also to let them engage with the many highly qualified women of our network. We welcome donor organizations to apply with both male and female speakers.

To apply, please email us the following information:

- Which Donor Option you would like to apply for (if you are interested in both, please indicate which one is priority)
- Describe shortly how your organisation supports women in their careers

For Keynote Donors applications:

- Name and position of keynote speaker
- Topic/ theme of the speech (you can mention a few options)

Please email: events@kvinnokapital.com

Application deadline: February 10, 2024

We will inform you once the KvinnoKapital board has made a final decision.
